P.D.I.

P.D.I. is an ink series that offers the best of both worlds - the qualities of an oil base and a rubber base ink in the same can. P.D.I. is the result of new technology in ink formulation. This oil base series works well on many presses, including those with integrated water dampening systems. P.D.I. sets and dries moderately hard on a wide variety of stocks.

P.D.I. - - - - stands for **Premium Duplicator Ink**

P.D.I. - - - - is extremely versatile; only one ink required for many printed jobs

P.D.I. - - - - is an oil base ink that works well on many presses, including those with integrated water dampening systems

P.D.I. - - - - can be used with many types of printing plates

P.D.I. - - - - sets and dries on many coated and uncoated bond stocks

P.D.I. - - - - will stay open on the press overnight under most normal conditions

P.D.I. - - - - will not skin in a closed container for 3 to 4 weeks

P.D.I. - - - - has good rub resistance.

P.D.I. - - - - has an elastic type skin

P.D.I. is stocked in all PANTONE® Base Colors; other shades and special color matches are available upon request.

PANTONE is a registered trademark of Pantone, Inc.

PRE-TESTING ON ACTUAL SUBSTRATE IS ALWAYS RECOMMENDED

Due to variations in stocks and other variables inherent in the printing process, which are beyond the control of the ink maker, we cannot assume any responsibility for the final outcome of the printed job.
